RE: Disposal Fee Adjustment

Dear Mr. Damon,

Per Section 4.3.1 of the agreement for Bulk Waste/Trash and Bulk Yard Waste Collection Services between the City of Pembroke Pines and Eastern Waste Systems, Inc., the disposal fee portion shall be adjusted based on the percentage of change in the tipping fee at the Disposal Facility.

As such, we re-calculated the disposal fee using Section 4.2 of the Agreement between Wheelabrator Environmental Services, Inc. and Broward County, Florida for the Solid Waste Disposal Services. It stated that each October 1st, the disposal fee should be subject to an adjustment with a cap not exceeding the 5% cap and 1% floor for any year. This calculation is based on the 12 months change in the Bureau of Labor Statistics Index Series ID CUUR0000SAO, using March of each year as the base month.

Effective October 1, 2022, the disposal fee should be increased by 5% resulting in an increase of \$0.08. The new disposal fee will be \$1.75.

Should you have any questions, please do not hesitate to contact us.
