

FINAL PUBLIC NOTICE

The Federal Emergency Management Agency (FEMA) has received the subgrant application for the City of Pembroke Pines' Fire Station 101 repairs due to damages in Hurricane Irma (DR-4337-FL PW 06103). Pursuant to Executive Order 11988 and 44 CFR Part 9.12, final notice is hereby given of FEMA's intent to provide funding for this project under the Public Assistance (PA) Program.

An initial disaster-wide Public Notice was published October 6, 2017 for Hurricane Irma. Comments and other information received were fully evaluated by FEMA along with evaluation of social, economic, environmental, and safety considerations. This notice serves as a project-specific final notice for FEMA's funding action located within the floodplain.

Funding for the proposed project will be conditional upon compliance with all applicable federal, tribal, state and local laws, regulations, floodplain standards, permit requirements and conditions. This action complies with the National Flood Insurance Program (NFIP) requirements.

- Responsible Entity:** FEMA Public Assistance (PA) Program
- Applicant:** City of Pembroke Pines
- Project Title(s):** PA-04-FL-4337-PW-06103; 42247 - Fire Department
- Location of Proposed Work:** (26.042967, -80.413285)
- Floodplain:** Project is located in the shaded X Zone, otherwise known as the area of 500-yr flooding, per Broward County FIRM Panels #12011C0520 H, dated 08/18/2014.
- Proposed Work and Purpose:** The City of Pembroke Pines replaced a mobile generator at Fire Station 101 to restore the facility back to its pre-disaster design, function, and capacity within its existing footprint.
- Project Alternatives:** The alternative that has been considered is the no action alternative. This alternative is not feasible as the fire station could remain vulnerable to a power outage, causing potential hazards to human life and safety. With the no action alternative, continued negative impacts on nearby residents and the community may be experienced. Alternate locations were not considered as the generator is portable and can be moved from fire station to fire station as needed.
- Comments:** This will serve as the final public notice regarding the above-described action funded by the FEMA PA program. Interested persons may submit comments, questions, or request a map of this specific project by writing to the Federal Emergency Management Agency, Region 4, 3003 Chamblee-Tucker Road, Atlanta, Georgia 30341, or by emailing FEMA-R4EHP@fema.dhs.gov. Comments should be sent in writing with the subject line FL-4337-PW-06103, City of Pembroke Pines at the above address within 15 days of the date of this notice.
